

AMENDMENTS TO THE SPECIFICATION

Please delete the present Abstract of the Disclosure.

Please add the following new Abstract of the Disclosure:

In a water cutoff structure of a covered wire, a water cutoff portion of an upper side member of a water cutoff member is formed in a recessed shape which is a shape of a curved face along an outer shape of the covered wire. Further, a water cutoff portion of a lower side member is formed in a projected shape in correspondence with the water cutoff portion in the recessed shape and the projected shape is a shape of a curved face in a projected shape in correspondence with the shape of the curved face of the water cutoff portion in the recessed shape.
